

College Hill Doctors Fees and Payment Policy

- Fees apply to services delivered via any mode of delivery, including in person, telephone, video call, text, email, and patient portal.
- If your doctor decided a consultation is required to discuss your results, a regular consultation charge would apply to that consultation.
- The consultation fees stated in the tables below are our usual fees for a 15-minute consultation. These fees may vary, e.g. for longer consultation times or other special circumstances.
- The doctor may apply their discretion when charging fees.
- Services shall be paid for on the date of service. Where it is agreed that payment need not be paid on the day of service, it shall be paid within 14 days following date of invoice. If you have difficulty paying your account in full, please arrange an alternative payment plan with our Practice Manager within 90 days from the date of initial outstanding balance to avoid debt collection agency referral. Please see our **Terms and Conditions of Trade** for more details. Please note that should you be referred to a debt collection agency, you will be liable to pay any costs associated with collecting payment, and your Credit File may be affected.
- **Full pre-payment for further services** will be required if you have had services provided to you on 3 occasions without full payment of invoices, unless it is a medical emergency as defined by our clinical staff.
- Printing/postage service \$5. (However, any request for large amount of notes should be done electronically via USB instead of printing.)
- **Did not attend or late cancellations** with less than 2 hours' notice: 0-13 years \$10; 14+yrs/adults \$15.

You can obtain an estimate from us of how many consultations you need to book though this is an estimate and not final, if more time is needed during the consultation, you may be rebooked and charged more.
- **New patients** from age 14 please book 2 consultation slots so your doctor can have adequate time to get to know you. This is charged at the enrolled rate (if eligible) per appointment slot.

Gentle Reminders:

A standard consultation appointment is 15 minutes, this includes the time it takes to read up on some of your medical history before calling you in, your contact time with doctor, and time taken for doctor to complete notes and other related admin.

If you have multiple issues to discuss or require more than 15 minutes total time, please book more than 1 appointment.

You can book consecutive time slots. Appointment fees apply to each appointment time slot.

Please do not be offended if the doctor asks you to rebook if you run out of time.

If only one consultation was booked but more time was used, you may be charged 2 consultation fees.

The doctor reserves the right to not see you if you arrive 7 minutes late to your booked appointment.

Thank you.
